HANCOCK 4-H CLUB RALLY IN BAY CITY HELD LAST SATURDAY

Lee Town, Kiln, Flat Top, Waveland and Lakeshore Clubs Represented—Local Speakers on Program—Acknowledgments—

On Saturday of last week, the annual 4-H Club rally for boys and girls was held in Bay St. Louis, at Bay High School.

The program began at 9:30 a. m. and was concluded at 4:00 p. m. Several local citizens of Bay St. Louis appeared on the program and made interesting and instructive talks. These were: Rev. A. J. Boyles, pastor of First Methodist church; Dr. C. M. Shipp, county health officer and Mr. K. G. McCarty, county superintendent of Education.

Five of the seven active 4-H Clubs in the county were present at the rally. Those represented were, Lee Town, Kiln, Flat Top, Waveland, Lakeshore. The loving cup, awarded each year to the highest scoring club was won by the Lee Town Club scoring a total of 83 points.

Mrs. A. A. McLaughlin, recreational leader from Harrison county, was in charge of songs and games and much credit is due her for the success of this rally day program.

Mr. Bozeman wishes to personally express his appreciation to the county supt. of education for the funds that he made available with which to furnish lunch and refreshment to all club members and leaders who attended the rally. The Arcadia Creamery Company of Gulfport, generously donated ice cream to the club members for which they are deeply grateful. Through the generosity of Miss Ames and Mrs. Gaspard, all 4-H Club members and leaders attending the rally were privileged to the free picture show at the A. & G. Theater in Bay St. Louis. Much credit goes to the ladies working in the local lunch room located at Bay High School for their fine spirit of cooperation in assisting in the preparation of the lunches. A total of approximately 75 4-H Club members and local leaders attended the rally.

Bay St. Louis was justly proud to have in its midst such an assembly of splendid boy and girls who are guided in their agricultural pursuit by the fine precepts of the club, an organization that has accomplished and contributed in results immeasurably to the young people.

The rally was a success from every viewpoint. The spirit of cooperation made it so. Members of this rally expressed themselves in warmest terms of their visit and hope to return again.

STANISLAUS TO PLAY TARPONS OF FORTIER SUNDAY, APRIL 10.

Game to be Hotly Contested—Lost to G. C. M. A. By Close Margin.

The Stanislaus baseball team will meet the Fortier Tarpons here in Bay St. Louis next Sunday afternoon. Fortier is said to have a very strong team and the forthcoming game is sure to be hotly contested between the two teams. Stanislaus has a good team out this year and, though they are a little inexperienced, they are expected to come through with flying colors next Sunday.

Last Thursday the Stanislaus Rock-A-Chaws met the G. C. M. A. Cadets in a very closely contested game over there. Being the Rocks first game, they were a little nervous at the beginning and in the opening inning the Cadets scored two runs, though none of their men had hits. In the second inning and third the Cadets again scored one run in each, making the score 4-0 at the end of the third inning, in favor of the Cadets. The Rocks began to tighten up and in the fourth inning put the Cadets out in one-two-three order. In the beginning of the fifth inning the Rocks made a rally, bringing in three runs, which made the Cadets plenty nervous. The Cadets did not score and in the opening of the sixth, the Rocks scored another run which tied up the ball game. Through the seventh and eighth innings both teams tightened up and allowed no runs. The Rock-A-Chaws had a very good chance to score in the eighth inning, having two men on base and only one out, but they were retired with no score. The ninth inning came up with the score still tied. The Rocks failed to score in their half of the inning and the Cadets scored the winning run on a sacrifice. The final score of the game was 5-4 in favor of the Cadets.

KILLED FATHER IN DEFENSE

Of Mother's Life — Henry Dawsey, 14, Acquitted by Justice Ladner—However, Punished For Stealing Gun.

Henry Dawsey, colored, aged 14, charged with shooting and killing his father, Cooper Dawsey, on the evening of Sunday, March 27, was given a hearing Tuesday morning of this week, 10 o'clock, before Justice of the Peace Alcide Ladner.

After the hearing Justice Ladner acquitted the boy of the charge and the case was dismissed.

It appears on the evening above stated Cooper Dawsey had entered the home, located at Sycamore and Railroad right-of-way, and after allegedly abusing his wife he attempted to beat her.

The son, apprehensive of his mother's safety and possibly her life, as the father in pursuit held a knife, ran out to the car of Emilio Cue, parked nearby, and took therefrom a Smith & Wesson .32 special. Returning to the house he fired twice. One of the bullets pierced the boy's father thru the back. He subsequently died a short while after.

Douglas Dawsey, aged 11, brother, of the boy accused of the shooting, was also arrested as an accessory, but it was proven he had nothing to do with the shooting and, accordingly was liberated.

The arrest was made a while after the shooting by Constable Gerald Price, Beat 5, who found both boys hiding in the woods. He locked them up in the city jail and on the Tuesday following made a transfer to the county jail then ready for occupancy.

Henry Dawsey, the boy accused, was charged with petit larceny, since he had stolen the gun and Judge Ladner fined him \$100.00 and 90 days in jail. In default of payment of fine he will work out the fine. His prospect of spending the entire summer at the Hotel de Hancock is conclusive.

SECOND 'GRAND DANCE' APRIL 9 AT NEW NIGHT CLUB THIS SATURDAY.

"Bubber" Vassalli and Ed Ortte Offer New Pleasure Resort—Formal Opening Was Wednesday Night.

Formerly known as the Blue Ribbon Bakery and recently operated as the "Rendezvous Cafe" on Main street and Spanish Trail is the location of the new night club.

This building has been remodeled and renovated into a very modern cafe and dance resort. The new hardwood dance floor will certainly prove a pleasure to all the dancers that will participate in the various and numerous affairs to be given at this club, surely no better floor could be built anywhere. The large number of tables and chairs surrounding the dance floor will accommodate a very large patronage. The new modern bar is under the supervision of the experienced veteran mixologist, Mr. Jeff Blanchard, formerly head bartender of the "White Kitchen" of Slidell and New Orleans. Mr. Blanchard is known for his ability in this capacity. He will be assisted by Mr. Anthony Benigno another well known local townsman.

This new resort will remain open twenty four hours daily and will be conducted on a positive respectable basis, nothing ungentleman-like at any time will be tolerated, so every one will be assured courteous treatment.

Saturday, April 9th, starting at 9 o'clock P. M., the orchestra will start playing which will make the second grand dance. Entrance to the club will be free, gentlemen desiring to dance will be taxed a fee of fifty cents. No charge for ladies. It is suggested everyone come early and have a good time.

MRS. M. CAZENEUVE-LOOG PASSES AWAY AT N. ORLEANS THURSDAY

Was a Daughter of the Late Joseph F. Cazeneuve and Martha Longren—Burial At New Orleans.

A message received here from New Orleans Thursday morning, announcing the death of Mrs. Mabel Cazeneuve-Loog, wife of Robert W. Loog, carried sorrow to many in Bay St. Louis and vicinity who had known the deceased as native of Bay St. Louis and before her marriage as Miss Mabel Cazeneuve.

Mrs. Loog was ill since November and the end came peacefully at 5 o'clock, Thursday, April 7, surrounded by her loved ones. Funeral arrangements were not as yet announced when The Echo went to press but it was announced, however, the body would be "laid to rest" along side the remains of her husband, at New Orleans, who died some two years ago.

She was a daughter of the late Joseph F. Cazeneuve, at one time sheriff and tax-collector of Hancock county and later, for many years and prior to his passing, an official of the Hancock county Bank in active capacity, and of his wife the late Martha Longren, both natives of this county.

She is survived by six children—four boys and two girls. And five sisters, Mrs. Gus Elmer and Mrs. A. C. Boswell, of New Orleans, Mrs. Clemmie O'Connor of New York, Miss Irene and Ruth Cazeneuve, of Bay St. Louis and one brother, Joseph F. Cazeneuve, resident of Plainfield, N. J.

Mrs. Loog was an accomplished woman and one of marked culture. For a number of years she taught at Central School, Bay St. Louis, and was noted for her efficiency and was classed as professional teacher. She was a musician, an artist with the brush and the author of many articles and scenarios. She wrote for national magazines and other publications. Her articles were in demand and carried a high literary value. A most lovable character who lived a useful life and spread sunshine in the path of others.

CITY BILOXI SHOWS FINE FINANCES

Has \$139,179 Balance in Treasury—City on Cash Basis—Pays All Bills Cash Monthly.

With a balance of cash in the treasury and paying all bills in cash monthly, without waiting, is a fine record for our sister Gulf Coast city of Biloxi.

Biloxi has a cash balance of \$139,179 at close of business March 31, the quarterly statement published in the local newspaper shows.

The city is on a cash basis, with all current bills, salaries and wages, bond maturities and interest are being promptly paid when they become due, said officials.

After all pay rolls for last month were paid there remained a balance of \$125,711.19 in the various funds of the city, with only current bills to be paid. The statement shows a balance of \$43,332 in the bond and interest fund. Total bonding interest payments this year will be approximately \$90,000 and the city still has outstanding taxes to go into the bond and interest fund, which will leave a balance of about \$14,000 in the fund after all payments for the year are made.

The total receipts for the second quarter amounted to \$179,300 and disbursements \$133,465, which included \$50,000 paid to the Mississippi Power Company in full settlement of its old past due account against the city and the retirement of \$28,800 of old script issued in 1934.

Attorney Carl Marshall Slated to Speak On Subject "Citizenship"

David Cottrell, Jr., Harrison county director, announced that in keeping with a nationwide program of the American Bar Association, a group of Harrison county attorneys had been named to make addresses before various organizations on the subject of "Citizenship." Those named are Lawrence Corbin, G. B. Cousins, Jr., Victor Pringle, Jack Goodman, John Sekul and W. L. Guice, of Biloxi, Carl Marshall of Bay St. Louis, and James Eaton and Gaston Hewes of Gulfport.

CHARGED WITH GRAND LARCENY

Two Bay St. Louis Youths Named—Take Perkins Car and Meet with Accident.

Ulysses Oliver, 21, and Theodore Duraynaud, 17, were arrested at a late hour Saturday night by City Night Officer Alcine Sautier, charged with taken and wrecking an auto belonging to R. Terrell Perkins. They were charged with grand larceny.

Monday each gave personal bond in amount of \$500.00, to appear Saturday morning before Justice of the Peace Leon B. Capdepon's court, before which authority the warrants for arrest were sworn.

It appears Mr. Perkins had returned to Bay St. Louis Saturday evening shortly before 7 o'clock from a business trip thru the county, as far as Catahoula community and wishing to attend the local movie theater left his car at the Arceneaux Garage for battery attention. The necessary service given, the car was parked for Mr. Perkins when he would return at a later hour. However, before reaching the garage, where the car was supposed to be parked, he stopped in the barber shop enroute.

Here he was informed by Mrs. Henry Nicaise and Miss Edith Ladner that a car apparently his had been wrecked by contacting with a telephone pole corner Hancock and Sycamore streets. Hastening to the spot he identified it as his.

The theft and wreck were reported to the authorities and they in turn became busy. Special Night Officer Alcine Sautier had seen two young men leaving the beach and walking in the direction of where the car had originally been parked. He sensed the affair until he finally arrested Oliver and Duraynaud and charged them accordingly. One of the two confessed that they had taken the car and met with grief at the location stated.

Damage was estimated at about \$85.00, after the car had been taken to the Ben Hille Garage and examined. This is covered by insurance. Mr. Perkins stated, however, the repairs could not be made until adjustment.

The two men were locked in the city jail that night and the next day turned over to the sheriff and incarcerated in the new county bastille, until they furnished satisfactory bond Monday, Chief Deputy Sheriff Bopp stated.

TO SEND BAND BOYS TO JACKSON

Benefit Supper at College April 25—Collegians to Participate in State Tournament.

Bay St. Louis will be represented at the State school band tournament to be held at Jackson, Wednesday, April 27. St. Stanislaus Band members will make the journey to the Capital City and qualify for entrance and participation.

At a meeting of St. Stanislaus Parents' Club, held Wednesday afternoon, it was announced a benefit chicken-spaghetti supper would be served by the ladies and assistants in the college refectory on Monday evening, April 25, from 7 to 9 o'clock and to which a charge of 50 cents per plate would be collected.

It was argued such benefit would go over big. First, the cause and secondly there was a always ample response to such a supper.

Mr. L. S. Elliott was named vice-president at this meeting, succeeding the late Mrs. K. W. Pepperdine, for the Parents' Club, S. S. C.

M. E. Missionary Society Meet at Biloxi in April.

The Woman's Missionary Society of the South Mississippi Conference, Methodist Episcopal Church, South, will hold its annual meeting in Biloxi April 5, 6, and 7. There are 217 societies in the conference and an attendance of about 200 delegates is expected.

REV. BOYLES AT COALVILLE.

The Rev. Andrew J. Boyles, pastor of First Methodist Church, Bay St. Louis, is holding a week's revival at Coalville, Miss. Reports from that section are to the effect an increasing attendance marks the revival as the week progresses, and a true spiritual awakening is noted.

BAY-WAVELAND IS SEEMINGLY NATURE'S CHOICE GARDEN SPOT

The Echo Garden Reporter Continues to Find Much Of the Beautiful Hereabouts.

A mocking bird, harbinger of every summer spring, caroled lustily from a cedar bough as we weeded in our flower border, this morning.

Roses, roses, everywhere! Mrs. Christy at Cedar Point always has exceptionally beautiful ones, as does Mrs. Goldman and Mr. W. A. McDonald. A beautiful bush looking like an exquisite bouquet has been admired by many in the August Schiro yard on Main street.

Mrs. Parillo's small garden is comparable to an old fashioned nosegay with its larkspur, petunias and fern.

Mrs. O'Brien's bed of larkspur on Second and State streets is especially fine as are her handsome large roses.

An unusually pretty geranium of palest pink is adorning the front porch of the Kergosiens on Carroll avenue, for all to see and admire.

The annual phlox are making a Joseph's coat of many colors in the E. J. Lacoste yard.

We noted a pink hollyhock in bloom back on Citizen street. Perhaps the climate is too warm to grow many of these successfully.

A happy thought—a friendship garden, where the interchange of plants and flowers, create a spirit of oneness among flower lovers.

One of the most delightful of gardens is that of Mr. and Mrs. T. Robin in Waveland for it expresses the love and care of a true garden enthusiast. A dominant note is the giant live oak whose branches extend over the roof of the house and almost covers the entire garden. Terraces of oxalis and fern encircle its roots.

A tiny bird house and garden swing are suspended from its swaying branches and always the ever present Spanish Moss.

The flowering ligustrum and evergreen planting make a solid background for the outer boundaries of the garden, and base planting of the house.

Sleek gold fish dart in and out among the water cabbages and lilies of the rustic gem of pool and rock garden, whose rocks were brought from many trips through the country by Mr. Robin, and constructed by himself.

A barbecue pit of rough stone, where many pleasant picnics are enjoyed, and a tiny green house against the house wall, filled with cacti, begonias, and geraniums, complete one of the most finished of "little" gardens that we know of.

Another garden having that well groomed look is that of Mr. and Mrs. Chas. G. Moreau on Carroll avenue. Here, handsome, luxuriant evergreens, nandinas, azaleas and camellias predominate the year around, enhanced by an ever smother green lawn.

A massive stone basket filled with graceful ferns lend further beauty. Nearby a squat green frog, atop a toadstool gazes solemnly on passers-by. An especially beautiful cedrus

FESTIVAL TO CROWN MAY QUEEN

At St. Joseph Academy, on Sunday, May 1—Annual Event Attracts Interest

No affair is looked for more eagerly each spring in Bay St. Louis and vicinity than the usual May Festival. This event will take place on Sunday, May 1, at 8:00 P. M. at St. J. A. gym.

The court will pay homage to the May Queen whose identity will not be made known until a few days before the event. There is quite a bit of competition among the girls for the coveted honor of wearing the crown but the final results will only tell who the lucky girl will be.

As usual there will be a well-chosen program which will be followed by a dance. Music will be supplied by one of the well-known orchestras on the Coast.

S. J. A. extends an invitation to all to attend, Sunday, May 1, 8:00 P. M. Admission 50 cents.

This annual event is always one attracting considerable interest and this year will by no means prove the exception.

NEW HEAD FOR BAY ROTARY OFFICERS

Rene de Montluzin, Jr., to Be President, With Jesse Gray Vice President.

Rene de Montluzin, Jr., was elected president Bay St. Louis Rotary Club at a meeting of the newly-elected board of directors Wednesday afternoon, to assume office July 1, as will other officers elected that day for the new year.

Jesse Gray was elected vice president, George F. Stevenson re-elected secretary, Charles J. Mitchell, treasurer and Edward Jones, sergeant-at-arms.

Board of directors elected Wednesday included Rene de Montluzin, Jr., Robert L. Camors, Norton Haas, Alden Mauffray, George F. Stevenson, A. G. Shear, Edward I. Jones, Charles J. Mitchell, Jesse Gray.

Prior to election for a new board, Dr. James A. Evans, a former president, offered a motion, carried, that no former president would serve on the new board, the idea to procure new blood in the working for the organization.

President-designate de Montluzin will succeed President Norton Haas who will have served two consecutive terms at the expiration of present tenure.

The board unanimously elected Rene de Montluzin as official delegate, and Norton Haas as alternate delegate to the district conference to be held in Hattiesburg the second week of May. In accepting the presidency, Mr. de Montluzin praised the work of his predecessor, and said in part "I am grateful for the honor of serving you as president for the coming year. It is my hope that we shall have a banner year in Rotary, and I assure you that I shall serve the club and my fellow Rotarians to the best of my ability."

Contemplated improvements for the place were deferred until some further date when times would be more propitious.

Under direction of Mrs. A. F. Fournier the hospital has been excellently managed and its affairs well taken care of. A greater number of people have been taken care of and the hospital found to be an institution the city and county could not do without.

Mrs. Fournier is untiring in her efforts and enthusiasm in her work, a cause which she is fond of and gives the major portion of her time and attention without price.

Mr. de Montluzin is the efficient secretary-treasurer and at all times is equal to the responsible task.

Dorothy Dix To Address 'Garden Club'

Mrs. Elizabeth Gilmer (Dorothy Dix), will be guest speaker before the Pass Christian Garden Club Saturday afternoon of this week, 3 o'clock, at the residence of Mrs. W. B. Price, West Pass Christian Beach.

With the presence of such distinguished speaker this will be an occasion of unusual interest and many will attend.

Members of the Pass Christian Garden Club from Bay St. Louis are Mrs. J. C. Buckley, Mrs. E. C. Carrere, Mrs. (Dr.) J. A. Evans, Mrs. George E. Pitcher, Mrs. George R. Rea, Mrs. A. T. Terry, Mrs. (Dr.) A. P. Smith, Mrs. Leo W. Seal, Mrs. K. B. Thompson, Miss Margaret Green, Mrs. M. W. Briggs, Mrs. E. Mogabgab, Miss Louise Crawford, Mrs. Chas. G. Moreau.

BAY HIGH SCHOOL ADMITTED

To Southern Association of Colleges and Secondary School is Announced

Superintendent of City Schools S. J. Ingram, Bay St. Louis High School, received a letter Wednesday from the State Department of Education, at Jackson, signed by E. R. Jobe, high school supervisor, that the Bay St. Louis High School had been admitted to membership in the Southern Association of Colleges and Secondary Schools, a prized objective.

This action was taken by the Secondary Commission at its meeting just concluded in Dallas, Texas, and is cause for congratulations to school officials and student body.

Bay St. Louis High School has not heretofore been a member of this high rating organization. The fact of its admission speaks well for the standing and rating of the school and as demanded by the organization before a school may become member.

HOSPITAL RE-ELECTS OFFICERS

Mrs. A. F. Fournier as President to Continue Serving—Others Who Will Serve.

At the regular April monthly meeting of the Board and members of Bay St. Louis King's Daughters and Sons, held Monday morning in the office of the local hospital, the same officers who have served so well in the past, were unanimously re-elected, namely:

President, Mrs. A. F. Fournier. Vice President, Miss Elsie Spurl. Secretary, Mrs. G. Y. Blaize. Treasurer, Mr. Rene de Montluzin, Jr.

The new board of directors to serve for the new year includes Mrs. A. F. Fournier, Miss Elsie Spurl, Mrs. G. Y. Blaize, Mrs. Chas. G. Moreau, Mrs. E. C. Carrere, Mrs. Wallace Catchings, Mrs. M. A. Phillips, Mr. Rene de Montluzin, Jr. It was voted to pay \$600.00 of the \$1200 recorded debt over the hospital building, which was considered quite an accomplishment in view of the meagre income of the institution, with a balance left as a nestegg in order to raise a fund to pay off the balance at some future date.

Mrs. C. E. Craft, efficient and popular superintendent, was re-elected, her work the past year declared to be of high standard and her administration of the immediate affairs of the hospital to be entirely satisfactory.

Contemplated improvements for the place were deferred until some further date when times would be more propitious.

Under direction of Mrs. A. F. Fournier the hospital has been excellently managed and its affairs well taken care of. A greater number of people have been taken care of and the hospital found to be an institution the city and county could not do without.

Mrs. Fournier is untiring in her efforts and enthusiasm in her work, a cause which she is fond of and gives the major portion of her time and attention without price.

Mr. de Montluzin is the efficient secretary-treasurer and at all times is equal to the responsible task.

GOV. WHITE APPOINTS BEAUTIFICATION COMMISSION.

GOV. WHITE has appointed three of five commissioners to serve on the Harrison County Parking Commission along the beach—that section of the Gulf Coast. Mrs. George R. Smith from Pass Christian, Mrs. Charles McDarris, from Long Beach and Editor E. P. Wilkes of Gulfport. Two others will be recommended from localities not yet named, Mississippi City and Biloxi.

This Beautification and Park Commission for that section of the Coast was recently created by the Legislature and it is expected will be a means of accomplishing much.

There is no question considerable success of the Gulf Coast depends on parkway and public beautification, to say nothing of such private undertaking since our coast country is essentially a valuable asset as a tourist place and section for visitors and season resorters.

California and Florida have added to natural beauty and general attraction by man-made enhancement. The Gulf Coast has much to offer. Nature has contributed all and as yet man has performed little or nothing in comparative sense.

Purpose of this commission will be to convert that section of the coastal line in Harrison county into one strip of parkway.

There will be no advertising signs, nothing to mar the beauty of natural scenery and every endeavor to further beautify will be exerted within the ways and means provided by provisions of the bill creating such commission. The section affected is that strip lying between the seawall and outer edge of roadway.

It will be interesting to watch the development to follow and ultimate results. Gov. White's appointments are generally endorsed.

FALLACY OF JOB INSURANCE.

REPORTS from Jackson are to the effect the State has ready a job insurance fund totaling approximately \$5,000,000 and that the process of paying this amount out to the unemployed—individuals out of jobs and able to work—will soon take stride.

Our State, at expense of tax-payers, seems to accumulate certain funds, rather of the surplus kind, in sums of five millions. And yet the toll of taxation continues.

Recently we were informed by press broadsides Mississippi had a surplus of five million dollars in the treasury resulting from sales tax collections. Since then the token collection must have augmented this staggering sum considerably.

And now for Mississippi's job insurance another five million dollars is reported—muled from the tax-payer.

The Jackson Daily News is of the opinion that unemployed insurance embodies "the largest opportunity for graft, idleness and indolence ever devised as a plan of government."

Our esteemed contemporary says:
In several states scandals have developed and wholesale fraud exposed, while in others the same things are suspected.

Even where sincere efforts are made to avoid cluttering the rolls with the names of lousy loafers it is difficult, if not impossible, to do so.

Many more names are now pouring in. The corps of investigators, an expensive set-up, is trying to pick the worthy from the unworthy.

The people—especially the people who pay out their good money to support the jobless—are hoping that the funds will be wisely spent and at the same time fearing the worst. Human nature being what it has always been and "gimme" folks more numerous than ever before, jobless insurance prevents a most inviting field for free and easy racketeering.

BANKS PREDICATE SAFETY OF FUTURE.

RECENTLY Bay St. Louis banks published their quarterly statements in the columns of public newspaper, as required by law and on examination it was conclusively shown that figures revealed spoke in laudable terms of both institutions—as to their success and set-up.

It is a safe bet, banks over the country reflect well and substantially and are enjoying the confidence of the public. They are the back bone of the country. They make possible much business that otherwise could not be carried on. The old saying still holds, that banks used and not abused serve to inestimable value in any community and to the individual.

We are justly proud of the fine showing made by our banks and on this fact were predicate the success and safety of the future.

The Senate has confirmed the nomination of Finley B. Hewes, as postmaster of Gulfport, Miss.

This is the time of year that the anxious gardener begins to wonder what his garden will produce.

Whatever may be said about Mr. Roosevelt, no one can successfully charge him with being a piker when it comes to spending money.

And now comes the reports from newspaper correspondents at Washington that the "purported letters issued weekly by Congressmen to the newspapers back home for digestion by constituents are written by a syndicate specializing in this sort of work. The letters have no local appeals and are of the stereotyped variety.

COUNTY-OWNED DREDGE FOR HANCOCK.

THE city of Chicago by means of dredging operations has pumped from the bottom of Lake Michigan many miles of added territory to the shore land. Over on the North side this extension has so widened the shores as to add considerable value to the city.

It is well known that Chicago held its recent exposition on what was termed the lake front. It might not be as well known, possibly, that this 'lake front' was artificial. In other words, it was all man-made land and served to double purpose. For exposition site and now to public park service.

San Francisco, too, is building its '39 exposition on an island formed in the middle of San Francisco Bay by means of dredging operation; that after the exposition this island will be used as a municipal air port for the city. And that for the reason there is no available land vacant in the city of Golden Gate fame.

And so may the Mississippi Gulf Coast add lands and wider shore lines and values to its own since the Legislature passed a bill making it lawful for counties to own and operate dredges. By this means it is primarily planned to "pump" in wide stretches of sloping sands to flank the seawall to further protect it from undertow, erosion and other damage incidental to where the tide rises and too frequently carries away.

With the wide, sloping beach that is proposed along the Coast particularly Hancock county, it is planned to not only protect the wall, to hide an area of pier stumps and other remnants of fixtures of other times, but to provide for a sloping beach that will permit of bathing and other pleasures along the gulf shores.

This is quite a project and we are of the opinion it will not only add land values over the entire city but will serve as means of protection and afford added pleasure and comfort.

Our local authorities are imbued with the idea and plan to put this work into the earliest execution possible. We have their word for it. Such improvement by the Board of Supervisors would serve for further economy.

COMMITTING PUBLIC NUISANCE BAY ST. LOUIS POSTOFFICE.

REPORTS from the Bay St. Louis postoffice are to the effect boys or men who congregate in the postoffice lobby, supposedly at night, are committing acts that constitute public nuisance.

This is a serious offense and if the party or parties are apprehended it will constitute an offense under federal statute and punishable in such courts.

There is no reason for men or boys to be found loitering in the postoffice lobby. Local officers, who have been officially apprised of the offense, should keep the lobby clear and make arrests if such orders are disregarded. There should be no toleration of any inclination to disregard such orders. The lobby is no loafing place.

Our local postal building cost a magnificent sum of money and is a matter of pride to our people. Its interior will compare with any building of the kind in cities larger than our own.

It is new, spic and span and the custodian keeps it bright and clean up to the moment. However, the bronze fronts of many of the boxes have been damaged, stained beyond restoration, and if this sort of a nuisance is going to be continued, a shabby and disreputable appearance will soon result.

People guilty of such crass deeds are the kind who generally do not read newspapers; neither do they read books, bathe and dress like other folks and live right. They are apt not to see this. But the fact remains they must be apprehended and we are depending on local authorities to catch these possibly responsible boys or young men.

STOCK LAW FOR WAVELAND.

THERE is a general disposition for a drastic law in Waveland. The beach and side streets have many show places that constitute a potential asset for that community.

Without the beach villas and gardens Waveland would be void of much of its attractiveness and beauty.

Complaint comes to The Echo from various sources, time and again, that much of the shrubs and other plants, costing money and time, is destroyed over night. This is a serious complaint and it does appear tax-payers, particularly those who seem to pay the bulk of such monies, are due the consideration sought.

Bay St. Louis was in the same position some years back. Residents back of town who owned a cow or more, and who claimed it was their livelihood, fought such proposition as a stock law. However, the fight was waged relentlessly and finally won.

There are many votes, true, from back of town; people who own live stock, and who seem to have much to say even though they do not pay the major portion of taxes.

Waveland is entitled to a stock law and the powers that be should rise heroically above self interest and petty consideration and join the ranks of the progressive. With people who do things, who spend their money and are willing to enhance further the beauties of Waveland.

The beautiful beach front, at least, is no place for roaming cattle. None will dispute this.

GOVERNMENT PAYS LOCAL TAXES.

A CORRESPONDENT, former local resident, recently a visitor here, wants to know if the federal government pays taxes on all of the property it now owns through forfeiture and is offering either for rent or for sale. Answer: The federal government pays both city and county tax on all of its acquired property through delinquencies of former owners. And pays it on time as well as full as any individual or others who may own local realty.

WHAT THE PRESS IS SAYING OF MEN AND MATTERS IN EDITORIAL EXPRESSION

ASININE STATEMENTS

(Summit Sun)

THERE are those no doubt, who feel that President Roosevelt, by virtue of the high office he holds, is entitled to respect and should be safe from pen-trusts of the American press. Once upon a time we might have agreed with those who held that belief. But there's only one word for President Roosevelt's speech in Georgia last week, and that word is "asinine."

"National progress and prosperity" said he, "are being held back chiefly because of selfishness on the part of a few. Efficiency in operating industries goes hand-in-hand with good pay and industries of the South cannot compete with industries in other parts of the country unless the buying power of the South makes possible the highest kind of efficiency."

To what "few" could our anything-but-Democratic president be referring? Does he mean those men who had sense enough to stop pouring their hard-earned funds into the outrageous pot of his national expenditures? Does he mean those men who quietly withdrew from the picture of American business life when he, by a hands-off policy, condoned sit-down strikes letting them sweep this country like a fever, paralyzing industry wherever they touched? Does he actually have the audacity to ask these men to let him get his hands upon what remains to them of American dollars, earned in an American way?

What does Franklin Roosevelt KNOW about efficiency in operating industries? Has he ever operated one? Do any of his wonderful "brain-trusters" know anything about industrial set-ups except those they can figure out on paper? Like farming or business, industrial management takes a lot more than a little figuring on a piece

WE WANT PAT

(Summit Sun)

ONE day last week we had the privilege of talking with a goodly number of Jackson's business men and, without exception, they were discovered to be opponents of this Administration, both state and national. Soliciting advertising in territory which would normally have yielded a great deal, we discovered that business leaders were guarding their funds jealously while they bitterly denounced state and federal taxation. One man said: "I rarely ever permit myself to speak of it. I go into a rage." That was a strong statement from a man who is so level-headed that he has climbed to the top of the ladder in his own field.

And every man with whom we discussed a possibility of Pat Harrison's chances for the presidency agreed that he has the best chance a Southerner has ever had. He is popular, America over, and now that he has taken such a firm stand on the tax situation, directly opposing the present Administration, it is felt that he holds a key position. If we can secure the nomination for him, we believe the conclusion is foregone.

The only thing worrying us is this: Can we stand this horrible mess we are in for two more years? And if anyone thinks we can, won't you please inform us how?

of paper.
If it be selfishness to withdraw from the game of business until it becomes, once more, AMERICAN business, based on the idea of property rights, thereby giving a man incentive to work and build, then God give us more selfish men: America needs them. AND someday, when this mad spree of spending is ended, their dollars will be needed. God protect those dollars!

INTERESTING NEWS ITEMS OF THE MOVIES AND FILM FOLK IN HOLLYWOOD

WARNERS is planning to use the four Lane sisters in Fannie Hurst's "Sister Act." Leota Lane, who is studying voice in New York, will be urged to come to Hollywood and join Lola, Rosemary and Priscilla in the screen version of Miss Hurst's story. Errol Flynn will have the leading role.

30 MILLION TONS of COAL

That's how much coal the L & N hauled in 1937... over 600,000 carloads.

Think of the far-reaching importance of coal in our daily living... in producing power... in generating light... in heating our homes... in giving employment to thousands of people.

Indeed, carrying coal... or any other commodity... helps to develop the community where it is produced and adds to the comfort and welfare of the section where it is consumed. That's why the L & N for over 87 years has played such an integral part in the development and growth of the Central South. That's why we like to consider ourselves your neighbor, for the progress of the communities we serve promotes the well-being of all.

What is the transportation job you want done, neighbor? Big or little, the Railroad of Friendly Service is at your service.

The housewives of our vicinity are showing much enthusiasm over the canning of an early abundance of mayhaws and a bountiful crop of dew berries, the largest in the State.

The March issue of "Look" states in an article that the South is being over run with hobo women. Our fair town and sister communities have not been troubled with this problem and in fact men as these unwelcome visitors do not get much encouragement here.

The school board held their regular monthly meeting Monday night. There were no changes made in the faculty. Prof. M. L. Richardson will teach 7th and 8th grades; Miss Stella Turcotte 5th and 6th; Miss Mary Perkins, 3 and 4th; Miss Olive Curet 1st and 2nd and the kindergarten Mrs. Lodo Bourgeois. Colored school: Mary Smiley.

Uncle Ezra, of the grand old Opry, in person at the Gulf Theater gave two pleasing performances Tuesday and Wednesday. Sunday and Monday Bert Wheeler and Robert Woolsey will appear in their greatest comedy hit and farewell performance, "High Flyers." This is your last opportunity to see them together. Don't miss it. The Bank nite winner, Saturday, was Catherine Bourgeois.

Mr. and Mrs. Artie Russell went to the city to attend the funeral of Mrs. Russell's brother, Mr. Henry Jones, who died from injuries caused by the explosion in the Grain Elevator in New Orleans. Mr. Henry De Fraites who has a summer home was also killed. Their tragic death caused a gloom over this community and expressions of sympathy are extended to their families.

"NOTHING SACRED" FEATURES CAROLE LOMBARD—MARCH

In Hilarious Ben Hecht Farce at A. & G. Theater Sunday-Monday.

New York, with all of its mad-dening midday whirl, with its fiery blaze of neon by night along the "gay white way" that today is more red than white, with its night clubs, giant buildings, crowded tenements, penthouses—all the striking contrasts of human handiwork is now revealed to the world in its true colors.

David O. Selznick who made the amusement world applaud with his technical production of Hollywood "A Star is Born" has turned his showmanship talents to the east and "Nothing Sacred," the comedy-satire of New York co-starring Carole Lombard and Frederic March due for showing at the A. & G. Theater on Sunday and Monday will glorify Manhattan and eastern resorts in Technicolor.

Ben Hecht writer of the mad Manhattan tale, which is based on a story by James H. Street, described Father-Knickerbocker's town as a "cake-walk between two river banks." The spirit of his satirical description has been captured in this fast-moving, romantic farce, and transferred to the screen via Technicolor.

In color, for the first time, will be photographed the heaven-bound skyscrapers, the Empire State building, Radio City. From the air, looking down into the streets and across at the skyline, other shots will be made through the assistance of a plane flown by the noted aviator, Paul Mantz.

Views of Park Avenue will line up in striking contrast to Lenox Avenue and Harlem. There will be views of the Polo Grounds with a ball-game in progress, contrasted with other shots of Tombs prison.

Among other interesting film shots scheduled are the 59th Street skyline at night, viewed from Central Park; the blaze of vari-colored signs Broadway south from 46th Street, interior and exterior of the Stock Exchange, New York as viewed by a steel worker high atop a new structure, the Statue of Liberty from air, the city beneath a cloud-flecked sky, East and Hudson rivers at night, Coney Island in the evening, a half-dozen night clubs, the Holland Tunnel, giant bridges and the waterfront.

"Nothing Sacred" is the first complete color film of New York and combines all the pictorial values of color plus a great story and brings to the screen a new romantic tale in Carole Lombard and Frederic March. Walter Connolly, Charles Winniger and Maxine Rosenbloom are seen in important featured roles. The direction was in the capable hands of William Wellman. It is released through United Artists.

Less Monthly Discomfort

Many women who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated. Cardui, praised by thousands of women, is well worth trying. Of course, it does not benefit, consult a physician.

WHEELER & WOOLSEY TO SHOW AT GULF THEATER IN COMEDY

"High Flyers" With Lupe Velez and Marjorie Lord Aply Supporting Cast In RKO Film Sunday And Monday, April 10th-11th.

Fresh from their latest success comes the widely acclaimed comedy team of Bert Wheeler and Robert Woolsey in their latest, gayest, greatest comedy hit, "High Flyers."

After an extended absence from the silver screen, these two comedians return in a new story that is guaranteed to furnish many laughs in highly amusing situations, fast action, dialogue and amazing effects.

Bert Wheeler is sure to catch the eye with his imitations of Charlie Chaplin which are particularly funny and the character cartoons of Lupe Velez adds much to the picture.

In the roles of a pair of aviation instructors who traveled with airplanes, they deliver up to expectations. Palming themselves off as ace flyers, they are hired to transport some newscasters from an incoming liner. The package they deliver, however, turns out to contain stolen jewels, and between trying to get themselves out of a smuggling mess and trying to pin the responsibility upon a fake newspaper man, they account for much hilarity with their crazy antics.

Of course there is a trace of love interest and in this Marjorie Lord is excellently featured.

"High Flyers" measures without the slightest doubt to the kind of comedy sure to chase the blues away. Supporting stars are Margaret Dumont, Jack Carson, Paul Harvey and George Irving. The picture is a RKO Radio release directed by Edward Cline. We assure you of a gala hour of glorious fun and adventure.

Take advantage of this opportunity to see these two widely acclaimed comedy stars, for this picture marks their farewell appearance together. The association began early in 1930 and in all they have appeared in some twenty successful pictures, but due to the necessity of Robert Woolsey taking a much needed rest the pact must now dissolve. "High Flyers" will be at the Gulf Theater Sunday and Monday of this week.

—Mrs. John Haas, of Kiln, Pneumonia Victim, Buried Saturday A. M.

—Mrs. Laura Haas, native of Kiln, this county, aged 69 years, wife of John A. Haas, resident of Kiln, died at her home Friday morning, April 1, 1938, at 6:46 o'clock, a victim of pneumonia.

Funeral took place from the Catholic Church of the Annunciation, 11:30 o'clock, with requiem mass ceremony, the Rev. Father Denis, Pastor, officiating. Interment was at Bayou Coco cemetery, Kiln. Many attended and numerous flowers marked the last resting place, mute but expressive testimony of the esteem in which the deceased was held.

—Mrs. Haas' children are Jacob, Thomas, Leo, Frank and Joseph, all of Kiln; Miss Esther Haas, Mrs. George Rhonde, of New Orleans.

Surviving sisters are Mrs. H. S. Neacise, Miss Josephine Sirola, Miss Mary Sirola and one brother, William Sirola.

—Mrs. Haas was well known in Bay St. Louis and over the county and many from here and away attended the last rites for this excellent woman.

—W. P. A. LIBRARY LIGHTS.

The library announces with pride the review for April. Mrs. Marie Theard will have a music hour illustrated with song. Her subject will be "Louis Moreau Gottschalk."

Her comment will be based on an old book found in the library of the Louisiana Historical Society, a biography written by his sister. In that book are interesting incidents which took place on the Coast.

Mrs. Charles Testart of New Orleans, whose family knew him intimately will sing some of his songs.

Music classes and teachers will no doubt realize that this occasion will be of much value to them and we call special attention to them and music lovers of the Bay. The time and place to be definitely announced next week.

TO BUILD BRIDGE AT HENDERSON POINT TO HANDLE TRAFFIC

While Over Pass Proposed Under Course of Construction—State Approves.

Harrison county was authorized by a bill passed by the Senate Tuesday to co-operate with the state highway department in the construction of a bridge at Henderson Point for the building of the overpass on Highway 90.

The legislative act was passed at the request of the board of supervisors of Harrison county for a bridge of permanent rather than temporary character, it was learned from the supervisors. The permanent bridge will be of creosoted timber and will cost approximately \$2000 more than the bridge originally proposed, it was said.

The contract for the overpass was awarded to an Alabama firm and it was announced that work will begin as soon as a WPA work order is issued.
